

## Technical Information / Data Sheet

|                       |                                     |
|-----------------------|-------------------------------------|
| Screen size           | 15.1" XGA TFT LED LCD               |
| Resolution            | 1024 x 768 pixels (WXGA)            |
| Brightness            | 400 cd/m <sup>2</sup>               |
| Touch type            | 5-wire, analog resistive            |
| Dimensions            | 383.2 x 307.3 x 48.2 mm (L x W x T) |
| Weight                | 4.2kg                               |
| Power supply          | 24V <sub>DC</sub> +/- 20%           |
| Certificates          | CE, FCC, UL, CCC                    |
| Protection            | IP66                                |
| Operating Temperature | -20°C to 60°C                       |
| Storage Temperature   | -30°C to 70°C                       |
